

Additional Small Group Resources

The fruitfulness of your group will depend primarily on the attention you give to prayer, preparation, and building relationships. Even though there are countless great Catholic resources available, none of them is perfect, and *no resource by itself can bring a person to full maturity as a disciple of Jesus*. The Lord is the one who does that. However, the resources listed below can help you ask the most penetrating questions and have the most powerful conversations that will bring about conversion. After all, the Lord desires a transformation of heart, not just a transfer of information.
